125TH ANNIVERSARY EDITION

1 8 7 0 - 1 9 9 5

More than 125 years ago, R. L. Polk & Co. published a business directory listing the combined population of towns along the Detroit and Milwaukee Railway. This directory contained the names of about 17,500 residents and 600 professionals and tradespeople. Today, R. L. Polk & Co. publishes more than 1,000 City Directories covering over 6,500 communities in the U.S. and Canada.

The content of the early directories set the pattern for later directories. Years ago, the information in Polk directories was voluntarily given in door-to-door canvass in order to obtain the most thorough data ever compiled. Today, we still compile the most thorough information by canvassing each community, and to ensure accuracy and completeness, we also follow up with telephone calls.

You will find many new changes to the style and format of this year's edition of the City Directory. These changes include useful tabbed section dividers that many of you have requested. Remember to unfold each of these inserts found at the beginning of each section of your directory. You will also notice the contemporary, easy-to-read style of print, the new symbols and the quick-reference page headings. These changes and others have been put in place to help you find the information you need quickly and easily. We know you will find the City Directory useful in your day-to-day referencing activities and for your target marketing needs.

Your support has helped us grow and continue to be the best information source available. We appreciate your business and we look forward to meeting your information needs today and well into the future.

R. L. POLK & Co.

POLK.

WITH YOUR POLK CITY DIRECTORY, YOU GET FOUR DIRECTORIES IN ONE:

1

Alphabetical Directory

The alphabetical directory lists residents, their address, telephone number, occupation, place of employment, spouse's name and homeowner designation. Also included are businesses and professional firms.

white section

2

Business Directory

The business directory lists local businesses and professional firms; the names and titles of officers, owners, or managers; the number of employees and type of business.

yellow section

3

Numerical Telephone Directory

The numerical telephone directory lists telephone numbers in numerical sequence with the name of the subscriber and street address.

blue section

4

Street Address Directory

The street directory lists residents and businesses by street address. Special features for residents are the designation of homeowners, length of residency and new movers. The names of intersecting streets and zip codes appear at their respective crossing points on each street.

O UR LONGSTANDING COMMITMENT TO QUALITY

This Polk Directory contains public information voluntarily given in door-to-door canvass or through telephone calls and is compiled to insure the most accurate, up-to-date information possible. However, the publishers do not and cannot guarantee that this information is free of all errors and omissions and therefore do not assume responsibility for same.

The publishers request that you bring any inaccuracy to their attention by mailing the correction to:

T HANKS TO ADVERTISERS

The publishers would like to thank the many progressive businesses who have demonstrated their confidence in the City Directory as a profitable advertising medium.

E NVIRONMENTALLY SPEAKING

This and all Polk City Directories are printed with soy-based inks. All paper "scrap" resulting from the production of our directories is recycled. These are just a couple of the ways we have revised our manufacturing process to protect our limited natural resources and contribute to a cleaner, safer environment.

Information in this directory may not be entered into a computer or reproduced in any manner without the written permission of the publisher. COPYRIGHT ©1994 R. L. Polk & Co.

*Here's what Satisfied Customers have been saying
for over a century —*

“W

hile we have subscribed to other directory services, your product is far superior in accuracy, readability and completeness.”

Karla Anderson, Co-owner
RRCA Accounts Management, Inc.
Sterling, IL

“We purchase a copy of the Polk City Directory every year because it helps our office function effectively. I use it at least weekly to find information about community leaders, members or visitors. The occupation and name of spouse data has proven to be very beneficial.”

Pastor James W. White, Jr.
St. Giles Presbyterian Church
Raleigh, NC

“When developing databases for use with our targeted direct mail projects, we find that the Polk City Directory is far more comprehensive than any other source. We find it particularly useful to know the number of employees each business has — since many of our products are primarily useful to businesses of certain size ranges.”

Wes Stant, President
The Stant Agency, Inc.
Crestview, FL

“The Polk City Directory has been a big help to our business. We use it to apply information to contracts which are incomplete, to locate people and for cross-referencing purposes.”

John Mellon, Vice President
Tesco Lighting and Design
Fairbanks, AK

“The Polk City Directory has provided invaluable service to the city fire department for years. For example, in preparation of our data bank for the Emergency 911 System, the book was *the correcting guide* for street and house number information.”

Denny W. Kelly, Fire Chief
Fredericksburg Fire Department
Fredericksburg, VA

125TH ANNIVERSARY

then

When collecting information door to door in the early days, enumerators carried a copy of the previous City Directory and a bottle of ink, suspended from their belts, with which to write in changes.

NOW

Enumerators collecting information may be carrying a high-tech, hand held computer which the enumerator automatically updates the information on. This process enables us to provide you with the freshest, most accurate information possible.

then

The entire City Directory sales force consisted of six people who traveled by train at a maximum speed of 40 m.p.h. to conduct sales campaigns across the states.

NOW

In order to give more personalized service, City Directory sales representatives now number 600 strong and are present from coast to coast conducting their campaigns.

then

Directories included such specific information as: town elections, the number of public schools in the area and their expenses and listings of new buildings in town. The content of these early directories set the pattern for later directories.

NOW

As the needs of our customers changed, the information and the format of the directory has also changed. There are now four complete informational sections which comprise the most reliable, detailed information source necessary to save time and to make money.

then

The key advertisers in 1870 were: dealers of furs and deer skins, straw goods, carriage and sleigh robes as well as livery stables.

NOW

Advertisers now include those representing every sector of business. And that's because smart business executives — like yourself, know: to advertise and be seen in the Polk City Directory means to increase your business!

GENERAL REVIEW

This Central Iowa community of approximately 48,000 residents offers a unique blend of small-town friendliness and convenience with the amenities of a large city for an unsurpassable quality of life. The ease of life and the abundance of enriching activities make living and working in Ames a pleasure.

Ames was developed in 1865, in anticipation of an expansion of the Cedar Rapids and Missouri Railroad. The community was named after Oakes Ames, a Massachusetts congressman who was prominent in railroad legislation and financing.

Ames is just a few miles from the geographic center of the state and only 30 miles from the state capital and Iowa's largest city, Des Moines. The rich quality of life, Ames residents enjoy results from the community's position at the heart of Iowa's cultural and educational resources, a position that holds great appeal to businesses and their employees.

Manufacturing, education, and the professions have surpassed farming as the major industrial focus of Ames. Iowa State University is the largest employer and ranks among the nation's leading research centers. It was an Iowa State University faculty member who invented the first electronic digital computer.

The headquarters of the Iowa Department of Transportation is located in Ames. The United States Department of Energy maintains the Ames Laboratory, a materials research facility, on the Iowa State University campus. The United States Department of Agriculture operates the National Animal Disease Center, the National Veterinary Services Laboratories, and the National Soil Tilth Laboratory in Ames.

These public institutions and the major businesses and industries account for a high incidence of professionals in Ames. The work force is highly educated and its strong work ethic is a powerful contributor to the vigor of the community. Story County, in which Ames is the largest community, ranks first in the state for its low poverty rate, and the Ames unemployment rate is among the State's lowest.

Ames is a progressive community. It established the nation's first municipally owned and operated resource recovery system that converts refuse into energy and recovers nonburnable materials for recycling. The city bus system earned recognition for Ames as an All America City. The public schools have been cited for excellence by the federal government.

The Iowa State Center in Ames is the site of unmatched cultural, educational and entertainment facilities. Cities many times larger than Ames would be proud to have a complex such as this.

In Ames you are only minutes away from schools, parks, shopping, big-time sports and stage entertainment, restaurants, outdoor recreation, and your workplace. Driving and parking are easy, and the prices are right. No wonder, then, that "University, Community, Opportunity" is becoming synonymous with Ames.

For more detailed information regarding the infrastructure of Ames and incentive programs for businesses wishing to locate in Ames, contact the Ames Economic Development Commission at P.O. Box 450, Ames, IA 50010, (515) 232-2310, FAX (515) 232-6716.

IOWA STATE UNIVERSITY OF SCIENCE AND TECHNOLOGY

Iowa State University has emerged as a broad based university of international stature from its beginning as an agricultural college. It was created as the Iowa Agricultural College and Model Farm by the Iowa General Assembly in 1858 and became a land-grant college in 1864 under terms of the federal Morrill Act. Iowa State was a worldwide pioneer in the establishment of agricultural studies on a college level, was the first state institution to found a veterinary school, helped move the engineering profession to its present key position in an industrial society, emphasized basic sciences, and took leadership in establishing the profession of home economics. The modern Cooperative Extension Service network grew out of the early community Farmers Institute gatherings organized by Iowa State, and the electronic digital computer was invented at Iowa State in the late 1930's by physics and mathematics professor John V. Atanasoff. It was renamed Iowa State University of Science and Technology in 1959.

Colleges within the university are Agriculture, Business Administration, Design, Education, Engineering, Family and Consumer Sciences, Graduate, Sciences and Humanities and Veterinary Medicine.

The Stanton Memorial Carillon.

A memorial to Margaret McDonald Stanton, first dean of women and her husband, Edgar W. Stanton, who served the University for 50 years. The carillon has 50 bells. Brief concerts are given each week day during the academic year. Longer concerts are performed on special occasions.

A federal land-grant institution, Iowa State has a three-fold mission:

1. Resident instruction on both the undergraduate and graduate levels.
2. Extensive programs of research.
3. Statewide University extension services.

Total University enrollment is 25,448 students. 21 residence halls house 8,800 students, 1,170 families and 450 single students live in university apartments.

More than \$86 million was spent on research at ISU in 1987-88.

University land in Ames and throughout the State totals 8,878 acres with 1,770 acres in the main campus and recreation areas.

THE IOWA DEPARTMENT OF TRANSPORTATION

The Iowa Department of Transportation was established by legislation passed by the 65th General Assembly in early 1974 and mandated to begin official functions July 1, 1974.

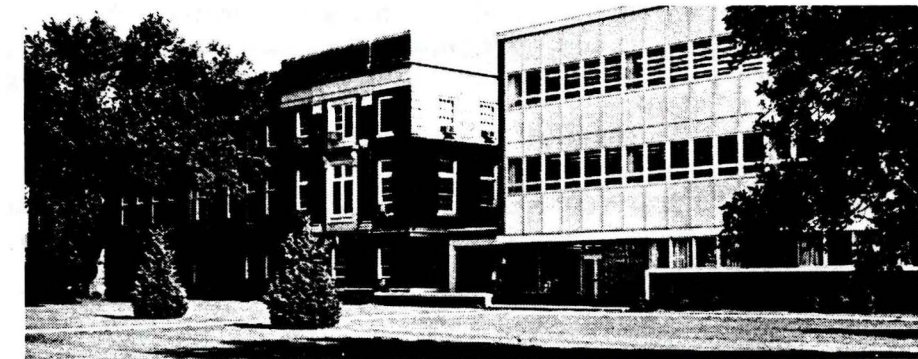

Its purpose is to assure adequate, safe and efficient transportation facilities for Iowa citizens by developing a total system which serves user needs and provides maximum economics and social benefits.

The Department includes nine divisions and a Transportation Regulation Board. The duties and responsibilities are summarized below.

ADMINISTRATION DIVISION: Provides general administrative and support services such as accounting, purchasing, information, data processing, personnel, facilities management and fleet operations.

HIGHWAY DIVISION: Responsible for project planning, design and Right-of-Way acquisition resulting in construction, and inspection of contracted primary road projects. Responsible for maintaining Iowa's primary road systems for safe usage by the public. Acts as liaison in obtaining and disbursing federal highway funds.

AERONAUTICS DIVISION: Handles aircraft and pilot licensing, aircraft registration and airport programs. Acts liaison in distributing federal aviation funding.

Central offices of the Iowa State Highway Commission in Ames, completed in 1961.

MOTOR VEHICLE DIVISION:

Responsible for vehicle registration, drivers licenses, reciprocity and prorated truck registration, motor vehicle inspection, dealer's licenses, truck regulation, traffic weight operations, and toll bridge operations.

RAILROAD TRANSPORTATION DIVISION: Responsible for safety inspection of track, research and analysis of rail system, and the state Rail Assistance Program.

PUBLIC TRANSIT DIVISION: Responsible for public transit planning and investigation of feasibility of various types of public transit. Acts as state designee for disbursement of federal mass transit funding.

RIVER TRANSPORTATION DIVISION: Coordinates use of river transportation with other transportation modes and examines potential for more efficient use of Iowa's waterways.

TRANSPORTATION REGULATION BOARD: Regulates routes and fees charged by truck and rail carriers, determines operating regulations and rules on transportation issues, changes in service, applications for public certificates of convenience and necessity.

PLANNING AND RESEARCH DIVISION: Responsible for DOT policy analysis, advance planning and determination of priorities. Collection of data to be used in transportation planning and coordination of transportation planning between state and local governments and transportation economic studies.

GENERAL COUNSEL DIVISION: Legal staff assigned from the Attorney General's office handles legal matters for the DOT.

More than 5,000 people are employed by the Iowa Department of Transportation in its various divisions. At present, the Administrative, Highway, Planning and General Counsel Divisions are headquartered in Ames.

NATIONAL ANIMAL DISEASE CENTER

The National Animal Disease Center, Ames, Iowa, is the United States Department of Agriculture's laboratory for investigation of livestock and poultry diseases that occur in the United States. These diseases rob the American farmers of approximately \$2 billion annually and decrease the supply of animal protein to the consumer.

Completed and occupied in 1961, the Center is located three miles northeast of the city. Constructed for approximately \$16.5 million, the laboratory has an annual operating budget in excess of \$80.0 million and continues to expand its research and laboratory facilities. It is the world's most modern veterinary research facility requiring as many utilities and services as a small city. Many of the animals used in various research projects are reared at the Animal Protection Unit, which is located approximately one and one-eighth miles south of the main laboratory.

The laboratory employees approximately 500 persons, one-fourth of whom are scientists-research veterinarians, microbiologists, pathologists, biochemists, physicists and other biological scientists. Many support employees such as laboratory assistants, technicians and administrative personnel are also employed. Investigation of each disease entity is conducted by a team of scientists who have different and specialized training.

AMES PUBLIC SCHOOLS

As a community, Ames has been willing to commit the necessary resources to assure outstanding educational opportunities for its young people. The public school system consists of a high school, middle school, elementary schools, and a school for the mentally retarded.

Ames Senior High School

Pupil enrollment, exclusive of about 2,000 people in adult education, is 5,000. There are approximately 368 teachers and other professional staff members and 220 other personnel-secretaries, food service employees, teacher associates and custodians. The average teaching load has been kept at about 25 children per teacher, 22 children per teacher in the elementary classes. The Ames schools have a fine staff of supervisors who give guidance in the curriculum areas at all levels. There also are special education services for children at all levels.

The Ames Community Schools consistently win prestigious national, regional and state awards for excellence in curriculum, teaching and programming. Here is a partial list of recent honors:

Elementary Science National Science Teachers' Association Award

Elementary Media Centers National Library Association Award

Junior and Senior High Awards as Exemplary Schools by the U.S. Office of Education

The Teacher On Television Program, conducted in cooperation with the Iowa State University College of Education, won third place in a national competition conducted by the Association of Teacher Education, 1986-87.

Four hundred (400) merit scholar semifinalists from 1956 through 1987.

The average composite scores of 9th and 11th grade students on the Iowa Tests of Educational Development rank at the 99th percentile.

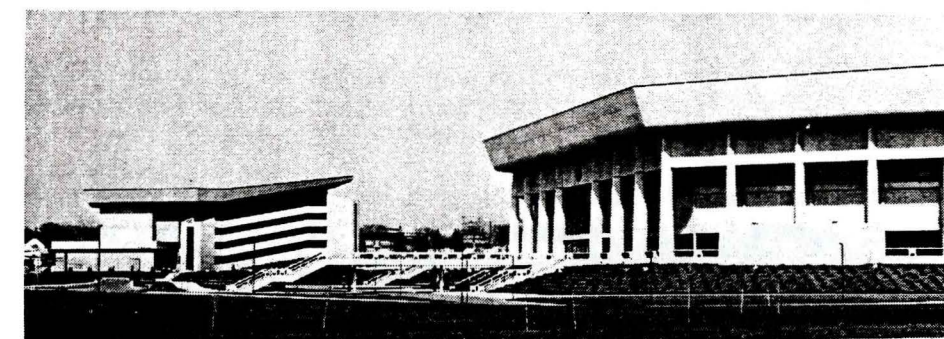

Frequent winners in math, history, science, music and art competitions at state and national levels.

State and national recognition of the regular and special education programs.

Consistent winners of the National Council of Teachers of English writing competition.

Five Presidential Scholars since the program was initiated approximately 20 years ago.

The district received an award for Excellence in Curriculum with Distinction from the Iowa Association for Supervision and Curriculum Development in 1985 and 1986.

THE IOWA STATE CENTER

The Iowa State Center is a magnet for international performing artists, the best of Broadway, the world's leading symphony orchestra, and America's current popular entertainers. The four building complex includes C. Y. Stephens Auditorium, James H. Hilton Coliseum, Fisher Theater, and the Scheman Continuing Education Building.

C. Y. Stephens Auditorium seats 2,660 and has exceptional qualities for concerts, opera, ballet, drama and similar events.

The James H. Hilton Coliseum is the largest of the four buildings in the Iowa State Center complex. Used primarily for athletic events, it also seats 14,000 for commencement exercises, theater presentations, meetings, banquets, exhibits and displays. It also has an ice floor for hockey, ice shows and ice skating.

Fisher Theater is an intimate theater seating 424 patrons for student plays, small musical groups, lectures, dance recitals and similar programs.

The Scheman Continuing Education Building is designed to serve the approximately 30,000 persons who each year visit the campus for meetings, extension courses and conferences. It contains a 400-seat auditorium and 14 conference rooms.

The Jack Trice Field is the new football stadium adjacent to the Iowa State Center. The stadium shares parking facilities with the Center.

CONCLUSION

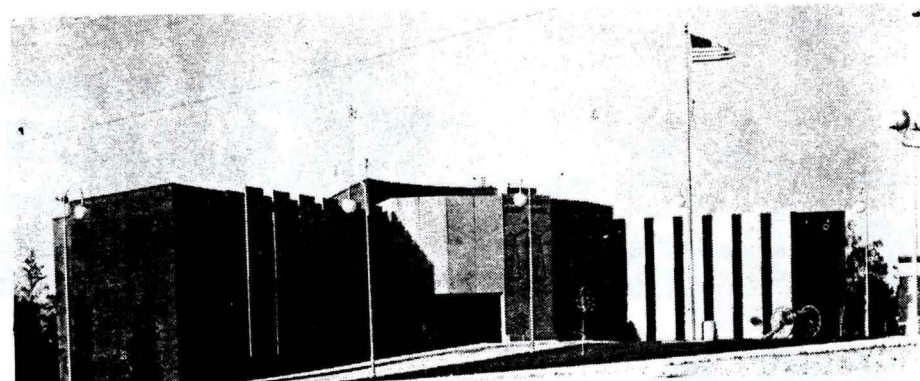

From the foregoing factual data, it can be seen that Ames offers many advantages-social, economic and educational. Ames possesses virtually every element vital to the social and economic welfare and personal happiness of the individual, and every element of success for the small business or industry.
